

**SEEMI**<sup>®</sup>  
SPECIALISTS IN  
MATERIALS HANDLING & PALLETIZATION

02.12.2007

## ***SEEMI WEBSITE LAUNCH***

With much anticipation, SEEMI's redesigned website launches! The site incorporates an intuitive user experience backed with a shrewd design.

SEEMI's guaranteed service of customization, adaptability and efficiency are reflected through the apt functionality and simplistic site design.

blurredistinction, the multimedia company hired by SEEMI, used the corporate color palette, bold shapes and the production process as an anchor for the site's aesthetic, reinforcing Seemi's fully automated, fully integrated line of equipment and systematic processes of their plant floors.
